## SIDEWALK MAINTENANCE AND RESIDENT RESPONSIBILITIES

**Maintaining sidewalks is crucial for preserving the overall aesthetic appeal of our community.** As a homeowner, you are generally responsible for the upkeep of the sidewalk adjacent to your property. Regular cleaning, including sweeping and occasional power washing, helps maintain sidewalks in optimal condition.

Should a sidewalk become cracked, uneven, or otherwise damaged, homeowners are typically responsible for necessary repairs. However, if the damage results from underlying infrastructure issues such as storm drainage systems, underground utility lines, or municipal installations, the appropriate agency should be contacted to assess and address the root cause before proceeding with repairs.

Please contact your local water district/ mud district if applicable.

### **Enhancing Our Community's Appeal**

By maintaining the sidewalks in front of our homes, residents contribute to the overall aesthetics of our community. We encourage all homeowners to be proactive in addressing maintenance issues promptly.

For any questions or further assistance, please contact the Riverstone HOA or the compliance department.

Thank you for your commitment to keeping our community well-maintained and welcoming for all!

## WHY PROPERTY MAINTENANCE MATTERS

**As proud members of our vibrant and growing community, we all play a role in keeping Riverstone a beautiful and desirable place to live.** One of the most effective ways to contribute is by maintaining your property. Not only does this benefit your home, but it also helps preserve the overall quality and value of our neighborhood.

Here are a few key reasons why property maintenance is so important:

### **1. Preserving Property Values**

A well-maintained property reflects positively on the homeowner and the entire community. When lawns are mowed, homes are freshly painted, and fences are repaired, it boosts the curb appeal of every house on the block. This not only helps maintain your property value but enhances the value of your neighbors' homes as well.

**Tip:** Regularly check for peeling paint, damaged siding, or faded landscaping. A little effort goes a long way in keeping your home looking its best!

### **2. Promoting Neighborhood Pride**

A tidy, well-kept community fosters a sense of pride among residents. When everyone does their part, it creates an inviting atmosphere that encourages positive relationships with neighbors and visitors alike.

**Tip:** Keep sidewalks clear of debris, maintain your lawn and garden, and store trash bins out of view except on collection days.

**Tip:** Trim trees and bushes that may obstruct walkways or views, and regularly inspect outdoor lighting.

**Tip:** Clean and/or repair driveways/sidewalks that have damage and/or need cleaning.

### **3. Compliance with Deed Restrictions**

Our HOA guidelines are in place to protect the community's aesthetic and functional harmony. By staying in compliance, you avoid potential violations and penalties while helping us maintain the high standards we all enjoy.

**Tip:** If you're planning a major project, like exterior painting or fence replacement, review the HOA's Architectural Guidelines and submit any necessary requests before beginning.

Please contact us with any questions or feedback that you may have. Our compliance team is here to help!

Email: [Compliance@riverstone.com](mailto:Compliance@riverstone.com)

### **Together, We Thrive!**

Maintaining your property isn't just about rules; it's about taking pride in your home and contributing to the success of our community. Thank you for doing your part to make Riverstone a place we're all proud to call home.

## STREET PARKING ON PUBLIC ROADS: IMPORTANT GUIDELINES FOR HOMEOWNERS

*As a valued member of our community, it is essential to be aware of the regulations and best practices concerning street parking on public roads within our neighborhood. While public streets are typically maintained by the city and/or county, there are key regulations and community considerations that all homeowners should observe.*

### **HOA Parking Regulations**

The Riverstone Homeowner's Association does have a parking policy in place. Below are some highlights from the Riverstone Parking Policy:

- **Vehicle Condition:** Vehicles with expired registration or in non-operable condition may not be parked or stored in the street or driveway. This measure ensures clear roads and an unobstructed flow of traffic.
- **Obstruction Prevention:** Vehicles may not block or obstruct sidewalks, be parked on curbs, or be positioned on grassy areas.
- **Vehicle Repairs:** Streets and driveways should not be used for vehicle repairs, repainting, or extensive maintenance work.
- **Sidewalk and Common Areas:** Vehicles may not be driven or parked on sidewalks or unpaved areas within the subdivision without prior approval from the HOA.
- **Common Area Storage:** No vehicle may be stored on any common area within the subdivision. The Riverstone Board of Directors retains the discretion to determine whether a vehicle is being stored or properly parked within these areas.
- **Driveway Access:** Vehicles should not be parked in a manner that inhibits or adversely affects ingress or egress from a driveway on a daily basis.

### **Additional Provisions for Gated Communities**

For gated neighborhoods, where roads are privately owned by the association, the above guidelines apply along with additional regulations:

- **Time Restrictions:** Vehicles left on the street for more than 48 hours may be towed at the owner's expense without prior notice.
- **Optional Notice:** The association may provide notice by placing a sticker or warning on the vehicle before towing, but this is not a requirement.

### **Texas Street Parking Laws**

Public roads in Texas are governed by state and local regulations, generally permitting parking unless restricted by posted signs or specific ordinances. Key parking rules include:

- No parking within 15 feet of a fire hydrant.
- No parking within 20 feet of a crosswalk or intersection.
- No parking in front of driveways or obstructing access to mailboxes.
- No parking against the flow of traffic.
- No parking in designated fire lanes.

Violations of these rules or ordinances are a matter for law enforcement to address.

### **Community Considerations**

To promote a harmonious neighborhood, all residents are encouraged to:

- Be considerate of neighbors by avoiding long-term parking in front of other homes.
- Minimize overnight street parking to help reduce congestion.
- Utilize driveways and garages whenever possible to maintain an orderly neighborhood appearance.

By adhering to these regulations and guidelines, we can help ensure a pleasant living environment for everyone. If you have any questions or concerns, please contact the Riverstone Association office for further information.

Thank you for being considerate and understanding to your Riverstone neighbors!

## SPRING IS THE TIME FOR FRESH FRUITS AND VEGGIES IN SUGAR LAND!

**March is a great time to get fresh produce in Texas.** The weather is starting to warm up and there are plenty of fruits and vegetables that are in season like tomatoes, cucumbers, watermelons, and cantaloupes. These produce are in season and are easy to integrate into your weekly meal prep, providing great nutritional value for your planned diet regimen.

Tomatoes are a great source of vitamins A and C. They also contain lycopene, which is an antioxidant that can help protect against heart disease and cancer. Cucumbers are a refreshing and hydrating food. They contain potassium, which can help regulate blood pressure, and they're also a good source of fiber. Watermelon is a delicious summer fruit. It's packed with nutrients like vitamins A, C, and B6. Watermelon is also a good source of lycopene and citrulline and contributes to hydration and lessens swelling. Cantaloupe is another delicious and nutritious fruit. It's a great source of vitamins A and C. Cantaloupe is also a good source of potassium and fiber.

So make sure to add these fruits and vegetables to your grocery list this month. Eating seasonally is a great way to get the most nutrients from your food. And it's also a great way to support local farmers!

## Tennis Court Etiquette

- Talk quietly when standing near tennis courts that are in use so as not to disrupt players on adjacent courts.
- Never walk behind a court when a point is still in play. Wait until the point is over and then cross as fast as possible to get to your own court.
- When sending balls back to a neighboring court, roll them on to the back of the court.
- Never send them back while play is in progress. Also, if one of your balls rolls into an adjacent court, don't run after it, just wait for your neighboring court to return the ball when it's convenient.
- When reserving courts please be considerate to other residents by cancelling your reservation when you know that you will not be using it.
